PreferredOne[®]
INSURANCE COMPANY

www.preferredone.com

Dear Prospective Members:

Thank you for your interest in the PreferredOne Insurance Company (PIC) Individual Plans. Information is provided for everything you need to apply for membership: Plan Options/Highlights, Rates and Premium Estimate Worksheet (enclosed), Payment Options, Website and Health Savings Account (HSA) information.

Plan Options

You may choose from the plans listed on page 3 – various deductible, coinsurance and out-of-pocket options.

Provider Network

You will have convenient access to the providers in the PreferredOne Open Access Network 300, with over 8,300 primary care physicians, 8,700 specialists and 279 hospitals. You may see any provider in the network and referrals are not required. You do not have to select a primary care clinic. Visit www.preferredone.com click Find a Provider and select Open Access Network 300 to search for providers.

If you choose to receive services from a non-participating provider, you will be responsible for the applicable deductibles and coinsurance, plus the difference between PIC's non-participating provider reimbursement amount (generally based on a fee schedule) and the non-participating provider's billed charges.

Pharmacy Access

For information about pharmacy locations, formulary drugs, mail service and other pharmacy services, go to www.preferredone.com, Register/Login, click View My Benefits and Pharmacy Information. You may also call PreferredOne Customer Service.

Health Savings Account (HSA)

Some plan options are intended to qualify as a high deductible health plan that may be paired with a Health Savings Account (HSA). See PLAN HIGHLIGHTS on page 3 for HSA qualified high deductible plans. Health Savings Accounts have two parts:

1. The first part is a health insurance policy (PIC individual plan option) that covers eligible medical expenses;
2. The second part is an HSA account, typically set up with a bank/trustee, from which you can withdraw money tax-free to pay for eligible medical expenses.

Please see page 4 of this brochure for more information on HSAs. Check with your tax advisor for guidance on your particular situation.

Chemical Dependency Rider Option

When you apply, you may select Chemical Dependency coverage for an additional cost. Coverage includes benefits for the diagnosis and treatment of chemical dependency related disorders, including inpatient and outpatient services.
